Name _____ Date _____

Approximately, what is your weight now? _____ What is your goal weight? _____

In your opinion, why are you not achieving and maintaining your desired weight or size at this time?

Please place a mark next to the statements below that are true for you. Then, go back through the list, and circle the four or five changes that you would like to make to help you the most toward your weight loss goal.

	I would like to exercise more.
	I would like to drink more water.
	I would like to feel more motivated to consistently do the things I need to do to become slimmer.
	I would like to really believe that I can lose weight.
	I would like to be able to reduce the amount of food I eat at meal time.
	I would like to stop snacking between meals.
	I would like to be able not to snack so much at home, because that is one of the main problems (i.e., eating while reading, watching TV, or working at the computer).
	I would like to be able not to snack at work, because that is one of the main problems.
	I would like to be able to resist salty or sweet snacks, or just eliminate them completely.
	I would like to cut down on the amount of alcohol I drink. Those drinks are so fattening.
	I think I am over weight because of my mother or father, etc.
	I normally eat breakfast, but this has not always been true. I have heard "breakfast" is the

	most important meal of the day. But it seems (to me) if I eat breakfast, I am hungry all day long.
	Sometimes, I eat when I am not really hungry. What percent of food do you eat because of true hunger? _____%
	I sometimes eat when I feel (boredom, depression, anxiety, stress, loneliness, or sad, etc.)
	I sometimes eat when I feel happy and want to celebrate, or to be social, or just because the clock says that it is time to eat.
	I have another reason I eat in a way that is preventing me from becoming as slim and lean as I would like to be.
